

Amendments to the Claims:

This listing of claims replaces all prior versions and listings of claims in the application:

Listing of Claims:

1. (Original) An antibody that has ability to inhibit the transport activity of a peptide transporter.
2. (Original) The antibody of claim 1, wherein the peptide transporter is PepT1 or PepT2.
3. (Original) The antibody of claim 2, wherein the peptide transporter is PepT1.
4. (Currently Amended) The antibody of ~~any one of claims 1 to 3~~ claim 1, wherein the antibody is a monoclonal antibody.
5. (Currently Amended) A cell growth inhibitor that comprises the antibody of ~~any one of claims 1 to 4~~ claim 1 as an active ingredient.
6. (Currently Amended) An anti-cancer agent that comprises the antibody of ~~any one of claims 1 to 4~~ claim 1 as an active ingredient.
7. (Currently Amended) The anti-cancer agent of claim 6, ~~which~~ wherein the cancer is pancreatic cancer.
8. (Original) A method for inhibiting the transport activity of a peptide transporter, wherein the method comprises the step of contacting a cell which expresses the peptide transporter with an antibody that binds to the peptide transporter.

9. (Original) The method of claim 8, wherein the peptide transporter is PepT1 or PepT2.
10. (Original) The method of claim 9, wherein the peptide transporter is PepT1.
11. (Original) A method for suppressing cell growth, wherein the method comprises the step of inhibiting the transport activity of a peptide transporter by contacting a cell that expresses the peptide transporter with an antibody that binds to the peptide transporter.
12. (Original) The method of claim 11, wherein the peptide transporter is PepT1 or PepT2.
13. (Original) The method of claim 12, wherein the peptide transporter is PepT1.
14. (Currently Amended) The method of ~~any one of claims 11 to 13~~ claim 11, wherein the cell is a cancer cell.
15. (Original) The method of claim 14, wherein the cancer cell is a pancreatic cancer cell.
